To all State DNC Delegates

I request you join my Arizona State delegation's efforts to support a DNC resolution to enhance Party oversight of our elections. Specifically, we hope to the DNC will establish a specialized DNC Election Integrity Information Clearing House [DNC-EIIC]. Our proposed clearinghouse idea emerges from a grassroots Arizona movement to protect election integrity that lead to the establishment of the Arizona State Democratic Party Election Integrity Committee that I chair. It also provided the support that I needed to SB1557, a new Arizona law that provides for a hand count audit of our election machinery.

If instituted by a DNC resolution, the proposed DNC-EIIC would strengthen our efforts to assure that every voter is registered and every vote counts in an age of privatized voting-technologies and unprecedented challenges to voter participation.

Thank you,

Ted Downing

Chair, Arizona Democratic Party Election Integrity Committee

and

Member, Arizona House of Representatives
